# **ConnectSchool Mobile Application: Documentation**

## **Introduction**

ConnectSchool is a very important mobile application is a new invention is a new service added to mobile phones is that parents no longer worry about choosing the right school for their children, through this application parents can choose the most appropriate school for their children, This application is very beautifully designed and offers an easy and beautiful interface to be easily used by parents.

## **Key Features**

**Finding Schools:** Parents can easily find the right school for their children based on the location and information in their school profiles and posts.

**School Profile Detail:** school profile and their posts provide essential role to in select good school by parent.

**Fast Communication:** ConnectSchool provide direct communication between parents and schools, enabling inquiries about admission procedures, schedules and other related information.

**School Profile Management:** Schools can create and manage detailed profiles and school account can do new post, update, delete in account due to propagate information and new activities of school.

**The admission process:** this program has facilitated the admission process because schools can constantly post new information, which helps in this process.

**User Account Types:** ConnectSchool offers parent and school accounts, each account to their specific needs. Parents can search for schools, view profiles, and read the school posts and activities, while schools can show Present his knowledge, data and abilities through profiles and posts.

## **Benefits**

help for parent: parents can find school easy because parent can see list of school with their information, parent not need to go to search around of city school by school to find good school for their children.

better for schools: the schools can show the efficiency by profile and posts and can show all activities of school easy by new post every time

save time and save money: schools not need to create poster, and search around of city to tell the parents about their they can create account on this app and tell all things, also parents not need to search for school in out they can do it in home :)

better contact: this app is a media between the parent and school because they can use it for communication with each other.

## **Target**

This program provides an appropriate platform for parents to help them choose the best learning center for their children, which has a direct impact on their children's future. Schools at all stages also benefit from this program because they can easily communicate their topics and information to parents and students.

## **Conclusion**

ConnectSchool is not just app it helps parents select the right school for their children and it is easy to use and packed with info and Schools can use it too to connect with parents.
